

CASIO launches new models of its successful CDP-S digital piano series

Welcome the new family members CDP-S110, CDP-S160SET and CDP-S360 with improved piano tones and features

CDP-S110 in black and white

Norderstedt, January 18, 2022 - Casio announces the release of three new models of its successful CDP-S series: the CDP-S110, the CDP-S160SET and the CDP-S360.

The CDP-S110 comes with an improved decay for the piano tone, now available in beautiful white as additional color.

The CDP-S160SET is delivered with a stand including an in-built 3-pedal unit and has additional features such as Duet Mode, Midi recorder and scale function, available in stylish black or red body color including a black stand.

The new CDP-S Flagship model CDP-S360 now features the Bluetooth Audio & Midi capabilities known from the Privia and Casiotone ranges, thanks to the compatibility with the optional Bluetooth® Adapter WU-BT10. In addition the sound source of CDP-S360 has been enhanced by increasing the polyphony from 64 to 128 notes.

CDP-S110

Take Your First Step on a Satisfying Musical Journey

The CDP-S110 is the entry-level model in the CDP-S digital piano series and offers an impressive range of features: authentic keyboard, sound generation and an impressive speaker system. Ten essential tones, including grand pianos and electric pianos, are waiting to be discovered and played.

CDP-S 110 is available in black and white color.

CDP-S160SET

A Competent Digital Piano with a Fixed Three-Pedal Stand for a Full Range of Expression

The CDP-S160SET is the entry-level model in the CDP-S digital piano series which comes in a bundle with the fixed three-pedal stand CS-470P and offers an impressive range of features: authentic keyboard, sound generation and an impressive speaker system. Ten essential tones, including grand pianos and electric pianos, are waiting to be discovered and played.

Apart from the features which are included in CDP-S110, CDP-S160SET has functions which are perfect for music lessons such as:

- Duet mode
- MIDI recorder
- Scale function

CDP-S160SET is available in red and black color in combination with the black stand CS-470P

CDP-S360

Express Yourself with Tones and Rhythms Suitable for Music of All Styles

Featuring a full-scale 88-key keyboard, CDP-S360 is perfect for a wide range of musical genres. A total of 200 rhythms and 700 high-quality tones are built-in as standard, from keyboard instruments such as grand pianos, organs and harpsichords, to strings, wind instruments and percussion instruments, making it possible to create diverse performances with just one keyboard. The instrument has an improved maximum polyphony of 128. The CDP-S360 is compatible with the fixed three-pedal stand CS-470P or the three-pedal unit SP-34 (both sold separately), suitable for both piano practice and performance.

The CDP-S360 can be seamlessly controlled from the free Chordana Play for Piano app for smartphone and tablet. The WU-BT10 Wireless MIDI & Audio Adaptor (sold separately) allows you to connect your smartphone or tablet wirelessly to your digital piano. As for the sound source, the polyphony has been upgraded from 64 to 128.
